## Tsi Nahóten Karihwanákere No'nenk News Release

### Weekend Work On Mercier

#### For immediate release

**(Kahnawá:ke – 20 Enniskó:wa / March 20, 2007)**

Bell Canada intends to proceed shortly with the replacement of a communications cable in existing conduits on the Honoré Mercier Bridge. Work will take place over three weekends; March 24<sup>th</sup> and 25<sup>th</sup>, April 1<sup>st</sup> and 2<sup>nd</sup>, and April 6<sup>th</sup> through the 9<sup>th</sup>.

Since this type of work cannot be performed at night, daytime traffic obstructions will occur during these work periods on both the westbound left lane (to Kahnawake) and eastbound right lane (to Montreal) at various intervals.

This work is considered preliminary to the bridge repair project slated to begin around mid-April and thereby must be completed before that project begins.

All work is scheduled to take place between the hours of 6 a.m. and 6 p.m. on all three weekends.
