REMINDER - COVID-19 Rapid Testing Kits still available

For immediate release

(Kahnawake – 29, Enniskó:wa/March 2022) The Kateri Memorial Hospital Centre and the Public Safety Commission would like to remind Kahnawa'kehró:non that COVID-19 Rapid Testing Kits are still available to the community today (Tuesday, March 29) and Wednesday, March 30 between **10am** and **4pm**.

The testing kits are being distributed at the Public Safety building (old Peacekeeper Station) parking lot.

In an effort to limit contact, one kit per resident (includes five tests) will be handed out to individuals inside their vehicles, similar to a drive-through/curbside pick up. If you don't have access to a vehicle, please ask a family member or a friend to pick up a testing kit on your behalf.

Please note that these dates may change due to the availability of the testing kits.
