Community asked to continue using Small Recycle Bins or Clear Bags

(Kahnawake – 5, Onerahtókha/April 2017) The Waste Management Department is asking that the community continue to use the old method of recycling until further notice.

Although the new large bins have been distributed to residences, the new automated collection truck has not yet been delivered. Residents are asked to use either the small bins or clear plastic recycling bags (*can be put in large bins*). The Community will be informed when the new truck arrives.

The Waste Management Department appreciates your continued patience while the transition to the new recycle system unfolds. All questions regarding waste management can be directed to Holly McComber at **(450) 632-5825**.
