Upcoming Low-Cost Spay and Neuter Clinics

For immediate release

(Kahnawake – 6, Onerahtókha/April 2023) The Public Safety Division's Animal Control Department would like to announce the upcoming Low-Cost Spay and Neuter clinics.

Due to the high demand for this service and limited availability, there is currently a waiting list, and the first few clinic dates will be filled by clients already on the list. Once all those who are on the waiting list have been contacted and scheduled for the procedure, any unfilled spots will be opened up to the community.

All clinics will occur on a Wednesday, on the following dates:

- April 12 and 19, 2023
- May 3, 17, and 31, 2023
- June 14 and 28, 2023

If you had previously called to inquire about having your pet sterilized, you will still be on the waiting list and should expect a call to confirm your interest and book your appointment.

The cost of the procedure will vary depending on the gender, weight, and type of animal.
