COMMUNIQUE

New video features MCK chiefs' positions on casino project, interview with Rama councillor originally a 'no' during his community's referendum

(Kahnawake – 24, Onerahtókha/April 2012) The Kahnawà:ke Casino Project Team is pleased to announce the release of the newest casino project information video presentation. The focus of the final video before the referendum will be on some of the Mohawk Council of Kahnawà:ke chiefs and their individual positions on the casino project.

Additionally, there is an interview with Chippewas of Rama councilor Byron Stiles, a former addictions counselor who was originally against a casino in his community but has since become a strong advocate, as he has seen the benefits but none of the problems they were once concerned about.

The video also summarizes several key points made through past Casino Project videos.

This video is now available online at www.kahnawakecasinoproject.com and will also be available for viewing on Paul's Cable channel 4 (Mohawk TV).

Anyone with questions regarding the casino project is invited to visit the Casino Project Information Center located at the former Environment Protection building on the Old Malone Highway from 10am to 5:30pm Monday through Friday.
