**Patton Road Area Water & Sewer  
Replacement Phase 1**

**(Kahnawake – 6, Onerahtohkó:wa/May 2019)**

The Capital Unit of the Mohawk Council of Kahnawà:ke would like to inform the Community of the upcoming project to replace the water & sewer lines in the Patton Road area. The work is scheduled to start Mid-May 2019 and will continue until the end of August 2019.

This project will include replacing the waterline & sanitary sewer system. Upon completion of the works, the road will be resurfaced with new asphalt. Residents in the area may be inconvenienced with temporary loss of water, dust and noise from trucks and equipment, detours and temporary road closures. Proper road signage will be posted to warn of the construction limits. The community will also be notified when a road closure is scheduled.

All private properties affected by the work in this area (e.g. driveways, walkways, hedges and/or fences) will be repaired or replaced prior to the completion of the project.

Your patience throughout this project is greatly appreciated. Please contact the Technical Services Office at 450-635-1016 if further information is required.
