Safety mechanisms at railway crossing deactivated for maintenance

(Kahnawake – 13, Onerahtokó:wa/May 2016) The Mohawk Council of Kahnawà:ke (MCK) has just been informed by CP Rail that the safety mechanisms for all railway crossing within the community will be deactivated today while maintenance work is carried out.

The safety mechanism of each crossing, including the arm, lights and alarm will not function while the work is carried out. However, CP personnel will be on-site directing traffic to ensure the safety of all motorists crossing the tracks.

The crossings affected include:

- Route 132 (border of Kahnawà:ke and St-Constant);
- Mohawk Trail (crossing towards New Development)
- Mohawk Trail (crossing towards Karihwanoron)
- Clay Mountains.

Motorists are advised to use extreme caution in these areas as the safety signals will not be activated as trains pass by.

For more information, contact the Public Safety Unit at (450) 632-0635.
