Transfer Depot near capacity for Brush

(Kahnawake – 21, Onerahtohkó:wa/May 2020)

The Waste Management Department of the Mohawk Council of Kahnawà:ke would like to request that all tree cutting companies chip their Brush before bringing it to the Transfer Depot for disposal.

Now that the Transfer Depot is accepting Brush from community members, it has seen a significant increase in the volume of Brush being dropped off and is doing its best to keep up with the chipping.

Chipping at the Transfer Depot is only provided for people who are not in the tree cutting industry. Tree cutting companies should have their own chipping machines.

For more information, please contact the Waste Management office at 450-632-4321.

The Waste Management Department appreciates your cooperation.
