COMMUNIQUÉ

Info on appointments, cancellations as Vaccinations continue

(Kahnawake – 15, Ohiarí:ha/June 2021)

The COVID-19 Task Force and the Kateri Memorial Hospital Centre (KMHC) wish to remind the community that second doses of the Moderna vaccine are continuing to be administered at the Vaccinations Center located at the Mohawk Bingo on Highway 138.

For those who have not yet received a confirmation notice for their second dose or would like to schedule their first dose, appointments can be made by calling **450-638-3930**, extension **2295** or **2213**. For those who need to cancel or postpone their appointments, please call the same number. Please make sure you leave a message with your name and phone number as there is not always someone available to take your call at that moment.

Currently, over 75% of Kahnawà:ke adults have received their first dose. However, to be effective, it is strongly recommended that a second dose be received, which is required to be fully vaccinated. Though the situation continues to improve, we still need to remain vigilant and follow the health & safety measures in place to protect our community.
