Mercier Bridge down to one lane in each direction this weekend

(Kahnawake – 26, Ohiarí:ha/June 2017) The Mohawk Council of Kahnawà:ke has been informed by the Ministère des Transport du Quebec that the Mercier Bridge will be reduced to one lane in each direction this weekend, beginning Thursday, June 29th at 10pm until Monday, July 3rd at 5am.

The closure is required to make repairs to the slab on the Montreal-bound side of the span. As a result, all traffic will be diverted to the Kahnawà:ke-bound side of the bridge, using a “counter-flow” detour.

In addition, the Airlie entrance to the Kahnawà:ke-bound span will be closed during the same time period.

The MCK reminds the public that these works are subject to change due to weather conditions, operational constraints or work progression and that it does not take part in the scheduling or cancellation of such works.
