Swimming in Tioweró:ton suspended due to elevated bacteria levels

(Kahnawà:ke – 18, Ohiarikhó:wa/July 2023)

The Public Safety Division of the Mohawk Council of Kahnawà:ke would like to advise the community that all common swimming areas in Tioweró:ton are closed due to elevated bacteria levels.

Recent water sampling by technicians from Environmental Health Services (EHS) of Kahnawake Shakotia'takehnhas Community Services has revealed an unacceptable increase in bacteria and recommends staying out of the water until levels return to what is considered adequate for swimming and recreation.

EHS will test the waters again next week. The community will be kept up to date on further developments.

For more information, please contact Environmental Health Services at 450-635-9945 or the Public Safety Unit at **450-632-0635**.
