Preferred rate on heating oil for Kahnawa'kehró:non

For immediate release

(Kahnawake – 13, Seskéha/August 2011) The Executive Directors Committee (EDC) is pleased to announce that residents of Kahnawà:ke can now take advantage of an affordable community rate that has been negotiated with the EDC's heating oil supplier, Pepco.

Pepco will provide heating oil at the market value per litre minus four (4) cents on residential consumption. The EDC is pleased to pass on these savings to residents which are a direct result of the combined volume of oil purchased by the seven EDC organizations, seventeen (17) purchasing partners and the community.

"This initiative is the positive result of creating a win-win solution for all Kahnawa'kehró:non when organizations and businesses work together," stated EDC Purchasing Agent, Lois Williams. "It's great because the more oil purchased the greater the discounts."

New clients need to register before September 15th by filling out the form online at www.pepco.ca. Pepco can mail a form to by calling 514-493-7000. When registering, your application will be processed and you will be contacted by an agent to confirm how you wish to setup payments.

"It is important to note that we do not sell or work for Pepco so if people have or can find a better rate they should remain with their supplier," said Williams.

For more information, please contact Pepco directly at 514-493-7000.
