Rainfall Warning in effect for our region

(Kahnawake – 10, Kentenhkó:wa/November 2022)

The Public Safety Division of the Mohawk Council of Kahnawà:ke wishes to advise the community that Environment Canada has issued a Rainfall Warning for our area.

Rainfall amounts of **40 to 70** millimeters are expected late Friday and into Saturday.

Heavy rainfall can cause flash flooding and water pooling on roads and highways. Localized flooding in low-lying areas is also possible.

Homeowners are advised to verify that their home's sump pump is functioning properly and to take any other necessary precautions.

Please monitor local media for updated weather forecasts.
