*As per the MCK  
Communications Protocol,  
all media requests must be  
arranged through the Public  
Relations / Communications  
Unit*

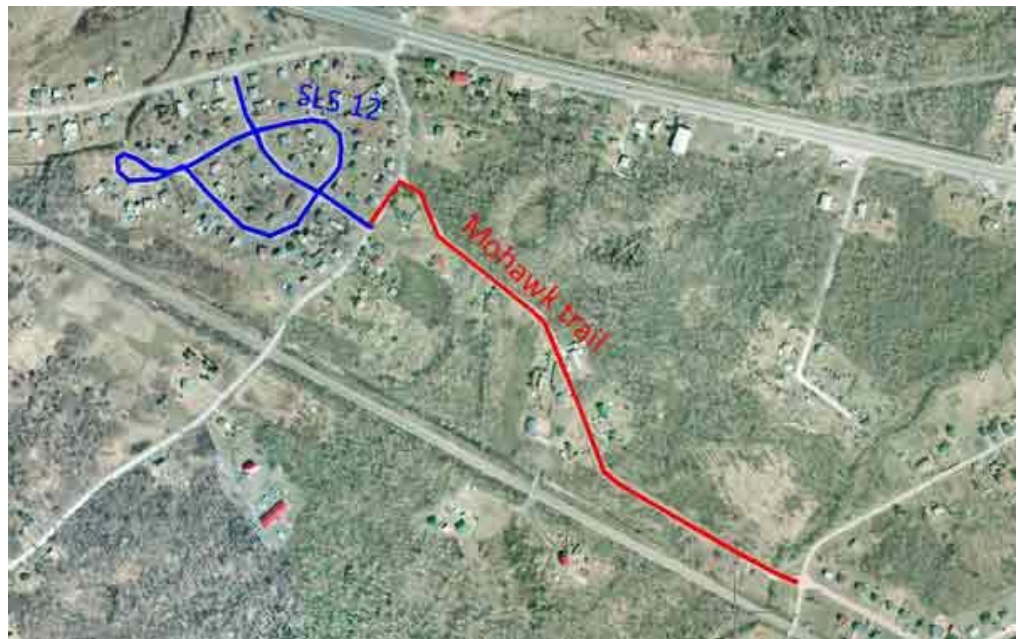

## **Mohawk Trail - SLS 12 Waterline Repairs next week**

**(Kahnawake – 17, Kentenhkó:wa/ November 2017)** The Capital Unit of the Mohawk Council of Kahnawà:ke would like to inform the Community of the upcoming project to repair the water lines in the Mohawk Trail/SLS 12 area. The work for this project is scheduled to start on Monday, November 20<sup>th</sup> and continue until Friday, November 24<sup>th</sup>, weather permitting.

This project will include repairing, replacing and installing water valves. Residents in the area may be inconvenienced with temporary loss of water, dust, and noise from trucks and equipment, detours and temporary road closures. Proper road signalization will be installed to warn of the construction limits. The community will also be notified when a road closure is scheduled.

All private properties that are affected by the work in this area (e.g., driveways, walkways, hedges, and fences) will be repaired or replaced before the completion of the project.

Shown below is a map of the general area. The red shaded area indicates where the works will take place. The red and blue area is where the temporary loss of water may take place.

Your patience throughout this project is greatly appreciated. Please contact the Technical Services Office at 450-635-1016 if further information is required.
